Jyoti Nivas College Autonomous, established in 1966 by the Sisters of St. Joseph of Tarbes, has continued to work towards fulfilling its central commitment of providing a balanced comprehensive education in the liberal Arts, Science and Commerce, aiming at turning out intellectually enlightened morally upright, spiritually oriented and socially committed young persons. It is one of the premier colleges in the country. It was granted autonomy in the year 2004 and for the 3 consecutive term was awarded "A" grade by National Assessment and Accreditation Council and 2012
accredited with the highest CGPA of 3.7 on a scale of 4 by NAAC. The University Grants Commission conferred the college with the prestigious status of "College of Excellence" on April 2014. The college retains a steadfast commitment to a single central ideal, the provision of a balanced and holistic education for women.

The Department of MCA aims to foster in its students, love for the subject and commitment to research and knowledge acquisition through various innovative teaching practices that range form classroom learning to audio-visual aids, co-curricular activities and research papers and dissertations.

Session 1: Digital in the Industry

Digital technologies are changing the world. Successive waves of innovation have created a new technological reality that within a single generation has transformed all aspects of our personal lives, businesses, and society. Technology has created amazing tools and
resources, putting useful information at our fingertips. There is no denying that the future of technology will continue to revolutionize our lives. This session will provide an insight on how the evolution in digital technology is transforming the world.

Session 2: Agility through Games

AGILE methodology is a practice that promotes continuous iteration of
development and testing throughout the software development lifecycle of the project.
The workshop on "Agility through Games" will throw light on how projects run in IT organizations, This interactive session is designed to give an overview about the basics of Agile way-of-working. The focus is to explain the Agile values, principles practices and roles & responsibilities through interactive dialogues, games, role plays and exercises.
Are you new to Agile? Then this workshop is for you ! This workshop is developed specifically for Agile neophytes through activities.
