

International Conference 12-14th August 2008

Glimpses of Appreciation

Dear Sister Philomena

I am very happy to know that international conference was a great success. I am very impressed with the meticulous planning that had gone into the organisation such a major event. I thoroughly enjoyed my participation in the Technical Session on August 12, 2008. It will be my pleasure to provide whatever assistance and advise you may require from me in the future.

With regards

Dr. KV Raghavan
